Athens, GA 30602-7274.

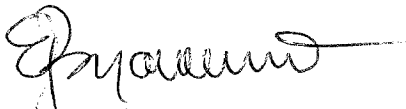

Dear Dr. Sherwood,

This is to express my sincere gratitude for the opportunity that was given to me to benefit from the APS Foundation Virology Student Travel Award. Attending this historical APS meeting will give me unusual chance of meeting other professionals and presenting my research work.

Thank you for making this possible for me. I hope to meet you personally at the meeting in Minneapolis and interacting with you more as you are working on vector-virus relationship part of which I am also working on.

Once again thank you very much for the offer, and kindly accept my apologies for the late acknowledgement.

Sincerely,

A handwritten signature in black ink, appearing to read 'Emmanuel', with a long horizontal flourish extending to the right.

Emmanuel Byamukama
